HALLOWEEN HARRY

Shareware Software for the IBM PC and compatibles

Awesome VGA arcade action

HALLOWEEN HARRY

Aliens have invaded and they are turning people into mindless zombies! As Halloween Harry, you must grab your jetpack and flamethrower and save the day. Pick up coins to buy ammo from vending machines while you search for hostages to rescue, computer uplinks to access and aliens to destroy. This outstanding arcade game features large enemies, huge levels, smooth animation and new gameplay features. Halloween Harry's VGA graphics are the most impressive to date. This is NOT just another platform game!

About Shareware:

Shareware is an exciting marketing method which allows you to try top quality software before you pay the author. With Shareware, you cannot be disappointed spending money for a program that's not right for you. The small fee you pay to us covers only the duplication and distribution costs, and permits you to evaluate the program. If you continue to use the program, you must send the author an additional payment which may entitle you to technical support, a printed manual, bonus programs and more. Your payment supports authors allowing them to continue writing newer and better Shareware programs. This payment may be made by purchasing the boxed pack which may be available from your dealer.

Requirements:

286 or better IBM compatible computer (386 recommended), 640Kb RAM, VGA graphics and a hard disk with at least 3.5Mb free space. Joystick and Sound Blaster or compatible sound card optional.
